Message to Our Customers

It is all about the Customer

As our industry and the way we communicate evolve, Flaman Trailers strives to be the leader in our field. What does being the leader mean to you, our customer?

It means having the newest and most diverse product offering available to you, whenever you want and wherever you are. That is why we have continued to expand our product offerings with more utility and cargo trailers, more flatdecks, new industrial trailers and a broader horse and stock line up. All of these new products you can find within these pages and on our newly designed website.

There are a lot of new products for one year, and there is still more. We are expanding our services to include full online purchasing and delivery of select trailers. If you know what you want, chances are you may not have to go to one of our locations to get the unit. Or if there is a really good deal online, you can secure it immediately and not miss out.

We are also training our staff to respond to you how you want to be responded to: by email, text and instant messaging – as communications evolve, so are we.

Lastly, and most importantly, we are continuing to listen and respond to you, our customer. We are conducting quarterly sample customer surveys to consistently receive feedback to improve. We honestly enjoy the feedback and you do not need to wait for a survey to give it; simply talk to a member of the trailer team or send an email to info@flaman.com. We are here to listen and learn.

We appreciate your business, thank you for your continued support. I hope you enjoy this annual edition of trailer talk, within it there are a lot of shiny and new trailers and also a lot of old and approved trailers. Enjoy the read!

*Steve Whittington
Trailer Division Manager
VP Marketing*

Owning multiple trailers has just become more affordable

Cargo, Flatdeck & Dump in one!

Set up your tool crib on the jobsite with the **cargo attachment** and within minutes you can be ready for picking up building materials with the **flat deck attachment** or haul away garbage with the **dump attachment**.

Visit www.flamantrailers.com to view this trailer in action. There's no other trailer like it!

Attachments don't need insurance and they are 30-40% the price of another trailer.

How it works

Start with the Southland chassis then add your attachments

Hook Lift Chassis

Curb Weight: 4180 lbs
GVWR: 17600 lbs
Pull Capacity: 11000 lbs
Lift Capacity: 11000 lbs

Bin Attachment

Easily remove construction or demolition waste from a jobsite with the bin module.

HOOK LIFT 14' BOX
BOX DIMENSIONS 7.5' W X 45" H

Flatdeck Attachment

Drive a bobcat or quad right onto the flatdeck

HOOK LIFT 14' FLATDECK

Great as a mobile storage units.

Cargo Container Attachment

The Roll Off Cargo Container module gives you the functionality and accessibility of a cargo trailer at a lower cost.

HOOK LIFT 14' XR CARGO BOX

Rules Of The Road

For light industrial trailers in Canada

Travelling between provinces with your trailer?

Flaman Trailers has grown to become North America's largest trailer retailer. We have stores in three provinces and provide product that travels even further. This growth is in part due to, and brings with it, taking responsibility to be aware of the various provincial regulations regarding trailers. So, Flaman Trailers' VP, Steve Whittington, created a "Rules of the Road" presentation to address these issues. This presentation was first conducted at NATDA (North American Trailer Dealers Association) in 2012 and has been updated to 2016 regulations.

DID YOU KNOW?

Different provinces have different regulations on almost everything from annual inspections, to dimensions and brake requirements. Violating a regulation could result in a ticket. This means that you may be legally pulling your trailer in SK, but the moment you hit AB or MB you are at risk of getting fined for doing exactly what you were doing 1 minute earlier in the other province.

The differences in provincial regulations and what you need to know to avoid a ticket are all summarized in Flaman's "Rules of the Road" article. You can download it for free at flamantrailers.com/RulesOfTheRoad.

"Rules of the Road" is a summary intended for informational purposes only and not a legal document. Please check with transport Canada for legal guidelines and laws.

Industrial Equipment Trailers
